Wholesale Catalog for Spring 1917

THIS LIST CANCELS ALL PREVIOUS EDITIONS

SHIPPING—Please give definite shipping directions, also whether you desire shipment to be made by freight or express. Also route if possible. If no directions are given we will forward to the best of our judgment without assuming responsibility, as all goods travel at purchaser's risk and expense. Our close proximity to Chicago, the great railway center, affords direct connection with all the leading lines in the country, and assures our customers quick service and low Chicago rates.

PRICES—The prices quoted are net, boxing extra, and are as reasonable as is consistent with first quality stock carefully graded and properly handled, that it may reach destination in the best possible condition. Prices are limited to the wholesale trade. Stock furnished in quantity as follows:

RATES—Five of the same variety and size at the ten rate. Six of same variety and size at the dozen rate. Fifty of the same variety and size at the 100 rate. Five hundred of the same variety and size at the 1,000 rate. We grade carefully, quality being our watchword.

TERMS—Net cash, first orders from all firms not having an account with us should be accompanied with full cash remittance. To customers of approved credit or who supply satisfactory trade reference the usual terms will be extended.

BOXING AND BALES—Boxing and bales will be charged for at actual cost of material used. We make no charge for packing or delivery to the railway station.

GUARANTEE—We exercise the utmost care and diligence to have our varieties true to name and on proper proof will replace all trees that may prove otherwise, or refund the amount paid. It is mutually agreed and understood between the purchaser and ourselves that we shall in no case be liable for any sum greater than the original purchase price. All agreements and contracts are made subject to the loss of crop by drought or other unavoidable causes.

SPECIAL NOTICE—Correspondents are requested to use their printed business letter-heads. This list is for the trade only and in justice to our customers, we use every possible effort to limit the distribution of trade prices to those we know to be entitled to receive them. **Use printed stationery.**

LOCATION—We are situated in Northern Illinois, on well drained, rich, fertile soil. Located thirty-five miles west of Chicago on the Galena division of the C. & N. W. Ry., as well as the A., E. & C. interurban electric system.

VISITORS—Visitors are always welcome and when coming by the way of Chicago, are directed to the C. & N. W. depot on Madison street, from where it is an interesting ride through the famous Fox River Valley dairy district, of one hour and thirty minutes, direct to the nursery. For an hourly service from Chicago's shopping district, take the A., E. & C. electric line at Fifth avenue and Jackson boulevard direct to Elgin, transferring to the Carpentersville car, getting off at stop No. 4, Dundee, from where it is but a two-minute walk direct to the nursery.

The hand cultivators at work in block of 1,000,000 transplanted Norway Spruce.

Hill's Standard Transplanted Evergreens

Good Hill quality Evergreens do not just happen. We put the Hill quality into them deliberately in numerous ways. First—Our soil and climate is ideal for Evergreen culture. Second—We develop the strength and vitality of our stock (so necessary for successful removal and shipment) by actually root-pruning and transplanting at definite intervals. Third—By our system of digging, handling and packing whereby Hill's Evergreens can travel the longest distance with safety. Hill's Evergreens are always freshly dug, generously graded and carefully packed. You get no culs, as they are consigned to the brush pile.

Hill Transplanted Evergreen. Note Splendid Root System.

Variety—	Size, inch.	Each.	10.	100.	1,000.
<i>Abies Balsamea</i> (Balsam Fir).....	4- 8	\$0.15	\$1.00	\$3.00

<i>Picea Canadensis</i> (Black Hill Spruce)	With Ball	12-18	.50	4.50	40.00
<i>Picea Excelsa</i> (Norway Spruce)	With Ball	12-18	.35	3.00	25.00
<i>Picea Pungens</i> (Colorado Blue Spr. Selected)	With Ball	12-18	.70	6.50	50.00
<i>Pinus Mugho</i> (Dwarf Mugho Pine)	With Ball	10-12	.65	6.00	50.00
<i>Pinus Austriaca</i> (Austrian Pine)	With Ball	12-18	.50	4.00	35.00
<i>Pinus Flexilis</i> (Limber Pine)	With Ball	12-18	.40	3.50
<i>Retinospora Obtusa</i>	With Ball	10-15	.70	6.50	60.00
<i>Retinospora Crippsii</i>	With Ball	10-12	.75	7.00	65.00
<i>Retinospora Plumosa</i>	With Ball	10-15	.65	6.00	50.00
<i>Retinospora Plumosa Aurea</i>	With Ball	10-15	.70	6.50	55.00
<i>Retinospora Pisifera Aurea</i>	With Ball	10-12	.75	7.00	60.00
<i>Taxus Canadensis</i> (American Yew)	With Ball	12-18	.70	6.50	50.00
<i>Taxus Baccata</i> (English Yew)	With Ball	12-18	.80	7.50	65.00
<i>Taxus Cuspidata</i> (Japanese Yew)	With Ball	12-18	.80	7.50	70.00
<i>Taxus Cuspidata Brevifolia</i> (Dwf. Jap. Yew)	With Ball	10-12	.90	8.00	75.00
<i>Thuya Douglassi Pyramidalis</i>	With Ball	12-15	.75	7.00	65.00
<i>Thuya Ellwangeriana</i> (Tom Thumb Arb. Vit.)	With Ball	10-12	.70	6.50	60.00
<i>Thuya Hoveyi</i> (Hovey's Gold. Arb. Vit.)	With Ball	15-18	.75	7.00	65.00
<i>Thuya Lutea</i> (Peabody's Gold. Arbor Vitae)	With Ball	12-15	.70	6.50	60.00
<i>Thuya Wareana</i> (Siberian Arbor Vitae)	With Ball	12-15	.75	7.00	65.00

Blocks of Specimen Evergreens, principally Junipers, Hemlocks and Pines

Hill's Specimen Evergreens and Conifers B&B—Balled and Burlapped

Hill's Specimen Evergreens are all perfect specimens, having good roots and symmetrical tops, owing to frequent transplanting, constant cultivation and root-pruning, shearing and staking. Hill's Specimen Evergreens will please your most exacting customers.

In comparing our prices with those of other growers, remember that height alone cannot by any means establish values. An Evergreen tree grown close and crowded in the row may be exactly the same height as a Hill Specimen Evergreen, but will not be as heavy, compact, symmetrical, or have as good roots. Hill's Specimen Evergreens are all grown in wide rows with ample room for development of both root and top.

Constant transplanting and root-pruning gives Hill's Specimen Evergreens masses of fine, fibrous feeding roots, which, together with constant shearing, results in heavy, bushy, symmetrical tops and insures the success of Hill's stock in the hands of the planter.

Every Hill Specimen Evergreen is separately dug by hand with a solid ball of earth about the roots. The so-called "ball and burlap" method employed by some firms consists of running a tree digger under the rows, pulling up the trees and making an artificial ball of earth by shoveling loose dirt in a sack and tying it about the roots. This is far from satisfactory.

In some localities it is impossible to dig Evergreens with a solid ball of earth on account of loose, sandy, rocky soil, which will not adhere to the roots. Our rich black prairie loam contains just enough clay to give it good texture and when interwoven with masses of fine, fibrous feeding roots, easily holds in place. As additional protection, each earth ball is securely tied in burlap.

Hill Specimen Evergreens are always worth the price you pay for them; will never disappoint you and will be found the most economical in the long run.

Specimen Evergreen Showing
"Hill Way" of Ball & Burlap.

The Blue Spruce

We are headquarters for this splendid variety, having specialized in them for years, and notwithstanding the unusual demand, have succeeded in building up a magnificent stock (without doubt the largest in the world). We offer two types as below, and in ordering from our immense stock of choice trees, you may rely upon receiving both in color and form "specimens" in every sense of the word. For prices on Colorado Blue Spruce seedlings see page 13. For prices on transplants see page 4.

PICEA PUNGENS KOSTERIANA GLAUCA

(Koster's Grafted Colorado Blue Spruce.)

Genuine Steel Blue—Compact Type.

Size	feet.	Each.	10.	100.
1 yr. grafts	. 6-10 in.	\$0.60	\$5.00	\$45.00
2 yr. grafts	. 10-12 in.	.75	7.00	60.00
B&B	. 1-1½	1.00	9.00
B&B	. 2-3	3.00	27.50
B&B	. 3-4	5.00	47.50
B&B	. 4-5	7.00	65.00
B&B	. 5-6	8.50	75.00
B&B	. 6-7	10.00	90.00
B&B	. 7-8	12.50

PICEA PUNGENS GLAUCA

(Colorado Blue Spruce.)

Genuine Natural Type—Selected Blue.

Size	feet.	Each.	10.	100.
3 yr. B&B	. 10-12 in.	\$0.50	\$4.50	\$35.00
4 yr. B&B	. 12-18 in.	.70	6.50	50.00

Koster's Blue Spruce

Described by an eminent horticulturist as a "marvel of beauty." It grows to perfection in all parts of the country and is absolutely hardy.

Hardy, long-lived, sure to grow, rich, gorgeous silvery steel-blue foliage.

Truly a sensational triumph in Evergreen growing. It excites the wonder and admiration of all.

SPECIAL TRADE OFFER

1-1½ ft. Balled
and Burlapped

\$1.00 Each, \$9.00 per 10

Hill's Dwarf Evergreens

In New, Rare and Choice Varieties, Especially Adapted for Rookeries, Terraces, Foundation Planting, Japanese Gardens, Etc.

Our collection of Dwarf Evergreens is by far the most complete and extensive to be found anywhere. The stock is bushy, thrifty, well grown, and owing to frequent transplanting can be depended upon to give complete satisfaction. This stock is all dug and packed with extreme care so as not to break or bruise the branches or deform the natural shape of the trees. Like all Hill specimens, these trees are carefully hand-dug with large solid balls of earth, so that the masses of fine fibrous feeding roots are not disturbed in any way.

Seedling Beds in Hill Nursery. European Larch at left. Scotch Pine in center.
One year Pines under racks at right.

Young Stock for Lining or Bedding Out

The growing of young Evergreens and Deciduous stock in small sizes suitable for lining or bedding out has been a specialty with us for over half a century. That our stock gives satisfaction is attested by a rapidly growing list of customers, whom we supply year after year. Our seedling bed area alone covers upwards of fifty acres, and our annual output of rooted cuttings and grafted stocks is in the hundreds of thousands. All stocks are strong, healthy and well rooted. Quality is our watchword. Try us this year. Our plants are always freshly and carefully dug, properly graded to sizes, plainly labeled and securely tied in bundles of 50 and 100 each.

Special Notice.—For best results, small Evergreens should be bedded out close together for one or two years under shade, where they can be watered, after which they can be transplanted out into open field rows. The observance of this plan is quite essential and perfect stands should result. Furthermore, in handling young Evergreens as above, we recommend the smaller sizes as giving just as satisfactory results as the extra large sizes.

Hardy Evergreens Suitable for Tubbing

Hill's Evergreens for tubbing stand at the head of the list of hardy plants suitable for outside decoration both summer and winter. They are easily moved from place to place, require little attention, are always green and are never injured by continued cold or freezing.

Can also be used in Hallways, Entrances, Balconies, or Sun Parlors and will remain a permanent decoration wherever placed. In summer or winter they attractively add to their surroundings. Your selection is not limited. The varieties listed below will be ample for your trade.

If tubs are wanted add 50 cents extra per tree.

One of the Many Uses of Hill's Hardy Evergreens.

Decorative Stock—Continued

Hill's Complete Assortment of Hardy Evergreens, Boxwoods and Berried Plants for Window Boxes, Urns, etc.

See to it that your customers are supplied with hardy Evergreens for their Window Boxes and Urns during the winter months, just as you see to it that Geraniums and Vincas are there for Decoration Day. A window box planted with growing Evergreens of different varieties and colors will add much to the appearance of the porch, windows or any room of the house. For winter decoration Hill's Hardy Evergreens are indispensable. The charming foliage effects and rare fragrance of Evergreens is remarkable, adding color, warmth and cheerfulness, while their rugged hardiness permits outdoor or indoor use all the year around.

Do not hesitate to push this trade, as we can supply you in any quantity on short notice. Prompt and careful delivery, high quality and courteous attention insure your being pleased with your purchase.

SCENES IN HILL'S NURSERY

HOW TO REACH OUR NURSERIES

C. Visitors are always welcome. We are conveniently located only 38 miles northwest of Chicago.

C. When coming by the way of Chicago, you are directed to the C. & N. W. depot on Madison street, from where there is an interesting ride through the famous Fox River valley dairy district, of one hour and thirty minutes, direct to the nursery.

C For an hourly service from Chicago's shopping district, take the A., E. & C. electric line at Fifth avenue and Jackson boulevard direct to Elgin, transferring to the Carpenterville car, getting off at stop No. 4, Dundee, from where it is but a 2-minute walk direct to our office, which is located right on the nursery grounds.
